

# PUBLIC LEDGER

FOURTH YEAR.

MAYSVILLE, KY., SATURDAY, APRIL 27, 1895.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

## For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., THE LEDGER will charge five cents a line, and hereafter this will be the invariable rule. This, however,

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—32 times—the bill is \$16.25. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, we "forbid" notices will be accepted hereafter. Let us have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Major Joe Kindig of York, Pa., is in the city.

The lecture by the Rev. Carter Helm Jones at the First Baptist Church last evening, for the benefit of the Young People's Union, was a success, both from a literary and a financial standpoint.

A few days ago a teacher at the Paris High School requested a pupil to give five answers to the question "Why I Study," and received the following from a little girl: "First reason—My teacher makes me study. Second—My pa makes me study. Third—My ma makes me study. I have no other reasons."

WHEN SHE IS MAYOR.

When Maria Jane's elected to the Mayorality chair

There'll be many wrongs corrected that are now apparent there.

The sidewalks will be carpeted, the streets swept thrice a day,

The alleys be as fragrant as fields of new-mown hay.

What with parties and receptions and occasionally a ball.

There will be a transformation around the City Hall.

And each Ward in the city will be represented then

By lovely Alderwomen and not horrid Aldermen.

When Maria Jane is Mayor, none but ladies will, of course,

Be appointed members of the city police force;

And in their bloomer uniforms they'll look so very sweet

The gang to be arrested will consider it a treat.

The stores will be compelled to have a bargain sale each day.

And for chewing gum and soda you will not be asked to pay.

Oh, great reforms will be projected, all the wrongs will be corrected.

When Maria Jane's elected to the Mayorality chair.

## MAYSVILLE WEATHER.

And thus protect himself against The coming rainy day.

And it is made of iron good— It's put up there to stay—

The job was done by Maysville men— McClanahan & Shea.

A number of representative citizens— professional and business men—will tender to Mr. Joe Kindig of York, Pa., a luncheon at the Central Hotel at 9 o'clock Tuesday evening. There will be covers for twenty.

Paducah is the only town in the state in which a military encampment has been held that wants a repetition of the dose. The three regiments of the Kentucky State Guard were encamped there last summer, and Adjutant General Gross has been jollying the papers of the city and says if the officers of the three regiments are willing, Paducah may have the encampment again this year if it desires.

The News is very enthusiastic over this announcement and says the last encampment left several thousand dollars in town.

From present indications there is going to be a large crop of tobacco put out this year in Robertson county. In a drive over to Falmouth last Saturday a Mt. Olivet Tribune-Democrat man counted between Santa Fe and Falmouth, a distance of eighteen miles, 235 tobacco beds visible from the pike. Much ground is being plowed and everything points to a large acreage of tobacco in this part of the state.

It rained last night and wet the ground, And likewise wet the streets,— It's hard to say just how much mud That each poor walker meets.

And when our streets get good and wet, We much regret to say, The chances are some Granger friend Will lose a load of hay.

The Covington Commonwealth says "How very like the fate of a Legislature is the fate of a baseball nine. After the election of the members and the selection of the nine, and before either begins to hog the public the solons and the players are the very best material possible, the things altogether lovely, and honest legislation and ball playing is assured. But at the end of the first week how the mighty have fallen—slumped, in fact, and a more incompetent aggregation of thick skulls, wind jammers, sore arms, sore heads and kickers the sun never rose upon, and may be soon set upon them and their like. But fickle is the sovereign public, and greatness never its due. Not even after adjournment."

Governor Brown has pardoned ex Mayor Davidson of Lexington, who was sentenced to ten days in jail for carrying concealed weapons. The pardon has not been spread upon the Court records, and there is considerable curiosity to know what reason the Governor gives for executive clemency in view of the caustic comments of the press of the country on the Kentucky custom of pardoning influential men convicted of carrying concealed weapons.

## PAIN'S CELERY COMPOUND.

Best Spring Remedy in the World---It Makes People Well.

There is one true specific for diseases arising from a debilitated nervous system, and that is Paine's Celery Compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced. Professor Edward E. Phelps, M.D., LL.D., of Dartmouth College first prescribed what is now known as Paine's Celery Compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. For the latter Paine's Celery Compound has succeeded again and again where everything else has failed.

The medical journals of this country have given more space in the last few years to the many remarkable cases where the use of Paine's Celery Compound has made people well than to any other one subject.

At a recent wedding it was noticed that the old shoe to insure good luck was not thrown after the bride, but raced for by all the spinsters present. It was thrown as far as possible, and the one who succeeded in reaching it first it is supposed will be the next bride. The bachelors were drawn up in a second row, and the young woman who picked up the shoe threw it among them. The one hit by the decadent footgear will, according to the omen, be the next man married. The custom is one honored somewhat in provincial England.
